About SEQRITE HawkkEye

With cyber threats constantly evolving, getting smarter, and more sophisticated, it's time you get holistic visibility of security posture in one place to mitigate risks before it becomes a disaster.

SEQRITE HawkkEye is a cloud-based platform that will enable coordination between different security layers, integrate cybersecurity silos into a single pane of truth, and ensure your point products communicate with each other to consolidate alerts, identify risks, and convert the data into intelligence.

SEQRITE HawkkEye will enable your business to prevent real-time malware breaches, make insight-driven decisions, and accelerate vital security functions quickly and effectively with just a few clicks.

Supported SEQRITE Products

With SEQRITE HawkkEye 2.1, you can manage the following SEQRITE products:

- SEQRITE Endpoint Security (Cloud) with DLP as add-on
- SEQRITE HawkkHunt
- SEQRITE mSuite / Workspace
- SEQRITE HawkkScan
- SEQRITE HawkkProtect

New Features in HawkkEye 2.1

SEQRITE HawkkEye 2.1 offers the following feature:

Centralized Tag and User Management

Support for centralized Tags and Users for SEQRITE Point Products.

Device Management

Maintains device inventory to see the activity of the installed HawkkProtect Agent and HawkkScan Agent and other important device-related information.

Deployment (Remote Installer and Self Installer)

Deployment of Hawkk Agents through Remote Installation and Self-Installation.

- HawkkProtect Agent
Maintain device inventory to see the activity of the installed HawkkProtect agent and other important device-related information.
- HawkkScan Agent
Keep a track of device inventory where HawkkScan Agent is installed. The Agent helps you do the data classification on endpoints.

To know more about these features and their usage, please refer to the [FAQs](#) section.

Technical Support

SEQRITE provides extensive technical support for its users. In case you face any technical issue, you can contact our Technical Support center using the options available at the following URL:
